Under the circumstances reported and recommendation made by the Superintending Engineer, Irrigation Circle No.1, LMD Colony vide reference 9th cited and in terms of powers delegated by the Government vide reference 10th cited, **permission is hereby accorded to allocate 0.01675 TMC of water per year** to the industry M/s Greenways BioEnergy Private Limited, Secunderabad for drawing 1300m^3/day on 10 hours basis during day time from Shanigaram Project for the proposed 250 KLPD Ethanol Plant at Guggila(V), Bejjanki (M), Siddipet District **for a period of (2) years i.e., from 13.12.2024 to 12.12.2026** subject to the following conditions:

1. The Superintending Engineer shall obtain the following clearances from the industry:
   - Concurrence of the District Collector concerned.
   - Clearance of Pollution Control Board (PCB).
   - Obtaining permissions from the other departments as per the Laws/Rules, if any.
2. The Superintending Engineer shall ensure that the following clauses are incorporated:
   - Tapping of water must not be done from the Shanigaram Project when the water level decreases.

- Industry should make its own arrangements with their own cost for drawl of water including procurement of the land necessary near the river bank and wherever the pipelines proposed to be laid and also lifting, pumping all other arrangements required create storage facilities of required capacity at the place etc., at their own cost.
- The utilization shall not exceed 1300 m3/day and the necessary measuring arrangements conforming to BIS/IS standards should be established by the industry only and day wise data must be submitted to the Deputy Executive Engineer and the Executive Engineer concerned regularly on weekly basis without fail.
- The industry should submit required information to the competent authority and also to the Nodal Agency simultaneously, whenever called for.
- The copies of permissions obtained from all statutory bodies as per the Orders/Laws/Rules/Enactments of State Govt. and Central Govt. in force shall be submitted before commencement of drawl of water.
- The industry shall pay the water royalty charges to the Government as per the G.O. Ms.No.115 Dated:27.06.2015 and subsequent amendments issued by the Govt./Head of Department from time to time.
- The contaminated water, hazardous waste etc., should not be released from the plant into the nearby streams/water bodies in any circumstances.
- The Department is no way responsible for non-supply/non availability of water due to any reason during, part and/or complete period in any particular water year. Further, the department reserves the right to stop drawing of water by the industry/plant during emergencies or whenever the industry /plant deviates the terms and conditions. The department reserves the right to inspect the site of drawl arrangement from intake to the delivery point at any time.
- All the EoDB Norms and rules in vogue shall be followed.

13/12/2024

Engineer-in-Chief, (Irrigation),
LMD Colony, Karimnagar.

To,
The Superintending Engineer,
Irrigation Circle No.1,
LMD Colony, Karimnagar.
