Subject: Complaint Against Unauthorized Erection of Electric Poles and High Voltage Lines Without Consent of Resident Owner for weaving textile industry purpose.

Respected Sir/Madam,

We the people of **chinthalapalle (vill), Jannaram (Mdl), Mancherial (Dist), Telangana, Vasala Guruvaiah** s/o Dubbarajaiah (H.no. 4-185), **Gattu Mallaiah** s/o Meenaiah (H.no. 4-181), **Vasala Balaiah** s/o Rajalingu (recently constructed), **Vasala Anjanna** s/o Rajalingu (under construction) are writing to lodge a formal complaint regarding the unauthorized erection of high voltage electric poles and installation of high voltage transmission lines on/through my residential property without my consent or permission, which has been done in violation of the provisions of the Electricity Act, 2003, and established legal procedures.

Incident Description:

- The **Assistant Engineer** (AE) of **TGNPDCL, 33/11 kv substation, Jannaram** and the **owner of a local weaving textile industry Sambari Shankaraiah** s/o Odhelu have erected electric poles on/near my property without obtaining proper consent from me as the residing property owner.
- These poles have been installed to facilitate **high voltage power supply** lines specifically **for the weaving industry operations.**
- The high voltage lines pass through/over my residential property, creating safety hazards for my family and property.
- **Despite my formal objection** to this unauthorized work, **the installation workers continued the erection work recklessly and without regard to my legal rights as the property owner.**

Relocate these high voltage lines to a safe distance away from residential houses.

In view of the above, **I strongly object to the routing of these high voltage lines across or adjacent to my house and request:**

Immediate suspension of any ongoing work related to this installation.

Rerouting of the lines at a safe distance from my property as per safety norms and legal provisions.

Written clarification on how this work was sanctioned without owner's consent.

I seek your urgent action on this matter to ensure safety, legality, and justice. Kindly acknowledge this letter and communicate your proposed corrective steps at the earliest.

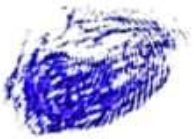

Thank you for your attention and Support.

Objection Letter Against High Voltage Installation Lines Near My Residential Property

Date : 27-09-2025,

Place : Jannaram.

To

The Assistant Engineer,

TGNPDCL, 33/11 kv, Substation,

Jannaram, Mancherial

Telangana, 504205.

Subject: Objection to unauthorized passing of high voltage lines near my Residential Property

Respected Sir,

I am writing to bring to your notice a serious concern regarding the recent **installation of high voltage electricity lines that have been routed dangerously close to my residential property** located at 4-185 (Vasala Guruvaiah s/o Dubbarajaiah), 4-181 (Gattu Mallaiah s/o Meenaiah), Vasala Balaiah s/o Rajalingu (recently constructed), **Vasala Anjanna** s/o Rajalingu (recently constructed) ,Chinthalapalle (vill), Jannaram(Mndl), Mancherial(Dist), Telangana, 504205. **These lines have been erected without obtaining any prior consent, information, or approval from me for industrial purpose (Textile industry),** as the rightful, lawful owner of the said property.
belonging to Sambari Shankeraiah s/o Odhela

The unauthorized passing of such high voltage lines near my home poses grave risk to the safety of my family, damages the peaceful enjoyment of my property, and also violates my rights as a property owner. As per regulations, due permission and consent of the land/property owner are required before laying such lines or installing supporting structures. Unfortunately, in this case, **no intimation or permission request was made by your department.**

The presence of these high voltage lines poses several serious concerns:

Risk to health and safety of my family due to continuous electromagnetic exposure.

Increased danger of accidents, electrocution, or fire hazards.

Significant reduction in the value of my property due to industrial intrusion in a residential area.

Violation of my ownership rights since no approval, NOC, or consultation was sought.

I respectfully request your urgent intervention to:

Stop further work or use of these lines until proper legal procedures and permissions are followed.

AE/Electricity

The workers continued to do the work shll we objected to do the work. They did not listened to our words and try the poles. Sambari shankeraiah encouraged them to do the works.

Relocate these high voltage lines to a safe distance away from residential houses.

In view of the above, **I strongly object to the routing of these high voltage lines across or adjacent to my house and request:**

Immediate suspension of any ongoing work related to this installation.

Rerouting of the lines at a safe distance from my property as per safety norms and legal provisions.

Written clarification on how this work was sanctioned without owner's consent.

I seek your urgent action on this matter to ensure safety, legality, and justice. Kindly acknowledge this letter and communicate your proposed corrective steps at the earliest.
