To,

The Nodal Officer

Helpdesk Team,

Telangana State Industrial Project Approval and Self Certification System

Telangana.

Respected Sir/Madam,

I am writing to request permission to submit our application directly through the **Combined Application Form (CFO)** option for final operational clearances for my newly established Pediatric OPD Clinic.

Facility Overview & Readiness

- **Facility Category:** Outpatient Department (OPD) Pediatric Clinic (Non-Inpatient / Non-Critical)
- **Location:** Sri Ram Colony, Balapur, Jalpally
- **Operational Status:** 100% setup completed and ready for immediate clinical consultation.
- **Scope of Services:** Daytime outpatient consultations, routine childhood illness management, growth and development screening, and preventive immunization services.

Key Justifications for Direct CFO Processing

1. **Facility Completion:** Consultation rooms, waiting area, basic examination setup, and necessary outpatient diagnostic equipment are fully set up on site.
2. **Standard OPD Compliance:** The clinic adheres strictly to guidelines applicable to non-invasive Outpatient Establishments under the Clinical Establishments Act, including basic biomedical waste segregation, sanitation, and municipal hygiene standards.
3. **Primary Community Care:** The clinic aims to provide accessible primary healthcare to children in Sri Ram Colony and nearby Balapur/Jalpally localities for routine health concerns.

Since all physical and clinical setup work for outpatient consultation is ready, I kindly request approval to process this under the CFO option to expedite the final trade license and operational registration.

Thank you for your consideration.

Yours faithfully,

Dr. Rajendra Vithalrao Puri
