I (3) months Notice to maintain Power Factor nearer to unity -Issued.

-o0o-

In the Tariff order for the year 2025-26, TGERC has ordered the TG Discoms to unblock the leading KVARH for the purpose of KVAH Billing as being done in neighboring States by giving (3)-months notice.

Over compensation of reactive power due to installation of higher rated capacitor more than required capacity causes the higher currents thus leading to line losses, over voltages and over loading of Distribution transformers.

In view of the above you are requested to maintain Power Factor nearer to unity with in a period of (3) months from the date of receipt of this notice.

After expiry of notice period of (3) months the leading KVARH will be unblocked in the meter for the purpose of KVAH billing.

Receipt of this notice may be acknowledged.
